[1] The data shown for AAL JP are those ones for submitted proposals, and are very similar to the data for ranked proposals – i.e. those eligible for funding – so the latter data are excluded.

[2] Average SME participation in the whole FP7 ICT programme is 14.4% (FP7 report, Spring 2010, EC DG-Research).

AAL JP - Support Actions

• Action 1: AAL2Business
  – To support AAL JP projects to bring their developed solutions to the market within 2 to 3 years after the end of the funding period.

• Action 2: Collaboration with Regions
  – Action aiming at facilitating the deployment of AAL solutions, via workshops with local and regional representatives to raise awareness of AAL JP projects, to foster exchange of experience between European regions.

• Action 3: User involvement in AAL JP projects
  – To support AAL JP projects in involving users in the most appropriate and effective way during research, development and role-out via current state and analysis of user involvement and workshops, among other activities.
AAL JP - Support Actions

• **Action 4: Standards & Interoperability in AAL**
  – To raise awareness about interoperability issues of AAL solutions to facilitate market uptake.

• **Action 5: AAL Information Portal**
  – Preliminary study to set up an information portal” about "ICT and ageing well" to get better information about the existing solutions available

• **Action 6: Market Observatory in AAL**
  – Preliminary study concerning a Market Observatory in the Ambient Assisted Living field to help the supply and demand side actors to find information and take sound investment decisions
